**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 28-35.

***Allowable Subject Matter***

2. Claims 1-27 are allowed.
3. The following is an examiner's statement of reasons for allowance: Prior art of record fails to disclose or reasonably suggest the process of providing a plurality of supply sources corresponding to different types of semiconductor devices and sequentially processing the complexes supplied from the selected one of the sources, or the sorting and separating process with a tape-shaped frame to carry the plurality of sealed elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

*Conclusion*

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. References not applied are considered state of the art in the area of semiconductor manufacture.
